

## ***Come With Me On-Line Bible Study***

We're so excited that you are joining us for Suzie Eller's *Come With Me* On-Line Bible Study (OBS). We're sharing some tips below if you would like to set up your own OBS group.

### **Setting Up an On-Line Study Group**

---

#### **1. Create Your Group.**

The easiest place to create a group is on Facebook, and this article will tell you how to set one up: <https://www.facebook.com/help/167970719931213/>.

#### **Notes:**

- You can locate a cover photo for your fb group in the Promotional Graphics section.
- Designate your fb group as "closed" or "private", this will allow the member comments to be visible to only the group members

#### **2. Complete Group Information and Add Members.**

You can add group members yourself or invite them to join. If you have questions about this or any other aspect of your group, Facebook provides extensive support. Because the system changes often, I recommend that you go to <https://www.facebook.com/help> and then simply type your question in the box at the top (for example, "How do I add members to a group?").

#### **Notes:**

- We recommend keeping your study group size between 12-20.

#### **3. Announce Group Details.**

The first post you make on your page should be sharing the details members need to know. For example, you can share the dates for the study and what members will need. You can also give them the link to Suzie's website <http://tsuzanneeller.com/come-with-me-on-line-study/> so they can find out more.

#### **4. Welcome everyone and encourage introductions.**

Welcome everyone to your group by introducing yourself and inviting them to as well. You might ask a specific engaging "ice breaker" type of question, or even what they are looking forward to about the *Come With Me* study.

#### **Notes:**

- You can locate a welcome photo for your fb group in the Study Graphics section.

#### **5. Posting Schedule**

Because we are blessed to participate in this *Come With Me* OBS with Suzie, we will follow along with her blog schedule. However, if you are joining later, all of the material referenced in the posting schedule is available for use at your convenience.

We will be discussing 2 chapters of *Come With Me* each week.

- On **Monday**, please share with your group the link to Suzie’s blog post and video.
- On **Tuesday**, share the previous day’s chapter “Discussion Starter” graphic, to encourage group discussion
- On **Wednesday**, share one of the “Taking a Break” images, to begin another discussion thread. You can include a random conversation starter type of question, or encourage further discussion of a topic which has spoken to your group.
- On **Thursday**, please share with your group the link to Suzie’s blog post and video. Encourage your study group members to visit some of the other blogs joining Suzie’s #LiveFreeThursday link up.
- On **Friday**, share the previous day’s chapter “Discussion Starter” graphic, to encourage group discussion.
- On **Saturday**, if you’re group would like to take the day off, that’s ok. But if you would like to post an encouragement for them, the “other Shareable Graphics” from Suzie’s *Come With Me* book launch are available for your use.
- On **Sunday**, encourage your group by sharing one of Suzie’s prayers at the end of one of the week’s chapters.

All of the study materials referenced will remain evergreen on Suzie’s website, so if you prefer to follow a different or extended chapter-a-week schedule for your group, feel free to do so. Likewise, if you want to keep your group simple, feel free to post and discuss on the same days.

## 6. Sharing

Encourage your group to share their *Come With Me* learnings and experiences within the group. Also invite them to share their experiences on social media as they feel comfortable. Remind them that all of the graphics shared within the study group are available for them to share publicly on Facebook, Instagram, Twitter or Pinterest, directly from Suzie’s website.

### Notes:

- Because of the fb settings, group members cannot share content directly from the study group.
- If they would like to share an image shared within the group, they will need to either
  - 1) download the graphic directly to their computer then upload to social media or
  - 2) share the graphic directly from Suzie’s website (insert url).

## 7. Conclusion

When your study group wraps-up, make a closing post encouraging the members to share what they learned from the *Come With Me* OBS and how they plan to say yes, where no wants to take root. Encourage them to share how God has spoken to them with someone else.

For additional *Come With Me* resources, visit Suzie’s website
